Mr. Proctor/Walsh

SUBJECT: Proposed MAGID Activities

REMARKS:

MAGID thus far has submitted papers to Mr. Proctor on the Relationship between User and Service Units, Orientation of New Employees, and Improving First Line Supervision. A paper on Communications will be available within the next couple of weeks. Several items from our original menu of interests (MAGID-1, 6 September) also were handled in other ways or were deferred. We now have started to consider additional topics for study or discussion. Two of these are attached.

The second proposal seems to fall within the "problems for consultation" category. At a minimum, we would like the opportunity to discuss the current status of rotational arrangements between the DDI and DDO.
